You're a Star Award Nomination – Security Team

I would like to nominate our Security Team for a You're a Star award in recognition of their outstanding support, professionalism, and resilience during the challenging period of the new car park development on site.

Throughout this time, the team went above and beyond their usual duties to ensure that staff were supported in finding suitable parking spaces. They took a proactive approach to managing the limited parking capacity by guiding staff, monitoring vehicle movements, and logging cars that were in breach of regulations.

In doing so, they often found themselves in difficult situations, including dealing with frustration and, at times, challenging behaviour from colleagues when addressing incorrect parking. Despite this, they remained calm, respectful, and committed to keeping the site safe and accessible for everyone.

Their presence has been a steady reassurance for many of us, and their work behind the scenes has played a vital role in maintaining order during a period of disruption. Their professionalism, patience, and dedication truly embody the spirit of this award.
