

Our membership strategy for 2016/17

Getting involved in our work

As a Foundation Trust we are accountable to our 'members' who represent the people who use our services and surrounding communities. For 2016/17 we have developed a single plan that gives all our members more opportunities to get involved in our work, whatever they want to do. This ranges from giving feedback, doing some volunteer work and helping us develop new services, to being a Trust Governor.
