Dr Jo Ostler
Deputy Undergraduate Clinical Lead
Bradford District Care NHS Foundation Trust

10th March 2021

Dear Mahmood and Jo

On behalf of Leeds School of Medicine we would like to thank you and your staff for all the work you have undertaken to keep student placements on track. As a result all placements, and to an excellent quality, have been delivered.

Circumstances have been more than challenging and we know that this has taken extra work by your team. Students have appreciated the opportunity to continue attending the Trust despite the restrictions which we are all working under. It is critical that the students' education continues and that we ensure that they are able to both progress and graduate as competent and compassionate individuals.

The feedback from students for your placements continues to be outstanding. From administrative staff providing a welcome and support throughout the placement to clinical staff offering students opportunities to practice their skills the feedback has been excellent.

At our mid-year meeting last week we discussed the placement feedback to date. Although these are only mid-year "results" the Trust has achieved an overall placement rating of 97%, compared to 88% in 2019/20. This is such an achievement and we hope you have time to celebrate this with your staff.

Please pass on our thanks to all staff and let Andy or myself know if we can assist in any way.

Yours sincerely

Dr Andy Lewington
Head of MBChB

Trish Walker
Undergraduate Partnerships & Placements
Manager
