YOUNG DYNAMOS

Have you thought about joining Young Dynamos?

We're a group of young people aged 14 - 25 just like you, working together to share our thoughts, ideas and opinions about local NHS services and healthcare.

"I feel like I am making a difference and helping to get young peoples voices heard".

We meet every other Thursday
5:30pm til 7pm.

We meet at Wolfson centre for research, Bradford Royal Infirmary BD9 or New Mill in Saltaire BD18.

You can join online via MS Teams but attending in person is much nicer.
