Purpose of the report

The purpose of the performance report is to assist the Council of Governors in seeking assurance against the Trust's performance and progress in delivery of a broad range of key targets and indicators.

Executive Summary

The contents of the report are aligned to the Trust's strategic priorities which are informed by nationally defined objectives for providers - the NHS Constitution, the NHS Long Term Plan, the Oversight Framework for Mental Health, Adult Social Care Outcomes Framework and Integrated Care Systems (ICS), as well as local contracting and partnership arrangements.

This report presents two types of information:

1. Performance data against a range of metrics (integrated performance report)

Performance is aligned to the strategic priorities, key themes and the strategic metrics which are defined in the trust's strategy, better lives, together.

2. Assurance levels (the Board Assurance Framework)

The performance overview also contains a section which uses a wide range of sources, including the performance data in this report, to describe how assured the Trust is that it is meeting the priorities and objectives described within the trust strategy, better lives, together and is operating safely and with good governance.

By combining the Board Assurance Framework and the performance report into one document, Committees and Board are better able to understand the breadth of evidence supporting the Trust's level of confidence in being able to achieve its objectives.

March and April 2025 data has been presented for all workforce, operational performance, and quality and safety sections.

The detail and decision regarding each committee's confirmed assurance level is included in each committee AAA+D reports.
